## FENCING AND DECKING PRICE LIST 2022

[WWW.COCKLESTORM.COM](http://WWW.COCKLESTORM.COM) | 0161 724 9595

# CONTENTS

## TIMBER FENCING

- 3 Waney Lap
- 4 Vertical Lap, Turret, Tongue & Groove
- 5 Rough Sawn Picket, Planed Picket
- 6 4" Gap Trellis, Super Heavy Trellis
- 7 Continental Panels
- 8 Garden Lattice, Heavy Lattice

## COMPOSITE DECKING & FENCING

- 20 Deepgrain & Crossgrain Composite Decking
- 21 Deepgrain & Crossgrain Composite Fencing
- 22 Oakio Composite Decking
- 23 Oakio Composite Cladding
- 24 Neular Composite Decking
- 25 Glass Balustrades, Composite Handrail

## TIMBER GATES

- 8 Continental Gates
- 9 Stock Gates, Made To Measure Gates
- 10 Made To Measure Gates, Gate Furniture

## TIMBER DECKING AND ACCESSORIES

- 26 Timber Decking, Joists, Decking Legs
- 27 Timber Balustrade, Deck Panels

## TIMBER POSTS AND ACCESSORIES

- 11 4x2, Thunderbolts, Timber Posts
- 12 Timber Posts & Bases, Concrete Posts & Bases, Aggregates
- 13 Rough Sawn & Planed Post Extensions
- 14 U Channels, Spikes, Post Caps, Fixings
- 15 Timber Components, Timber Rails, Mesh Panels
- 16 Handy Tools, Bolt Downs For Upvc

## ADDITIONAL GARDEN PRODUCTS

- 28 Weed Matting, Fixings, Screws, Sleepers
- 29 Artificial Grass

## UPVC FENCING & GATES

- 17 Gloss uPVC Fencing
- 18 Composite uPVC Fencing
- 19 Foil Wrapped uPVC Fencing

## ADDITIONAL INFORMATION

- 30 Wood Treatments & Finishes
- 32 Altering Fence Panels
- 33 Delivery Information
- 34 uPVC Information & Slide-in Charges
- 35 Fitting Services

## KEY TO PRODUCT INFORMATION AND ADDITIONAL CHARGES

Orange Water Based Treatment Available On Request (Pressure Treated Panels Dipped In Orange Subject To A Dipping Charge)

## CONTINENTAL PANELS

(MTO 2 decreases height of bow)

All of our continental style fence panels and trellis are manufactured to a full 6ft width, which takes away the need for any panel width extenders.

METRIC TO IMPERIAL CONVERSION (APPROXIMATE)				
60CM = 23 1/2"	70CM = 27 1/2"	90CM = 35 1/2"	100CM = 39 1/2"	120CM = 47 1/4"
130CM = 51"	150CM = 59"	160CM = 63"	180CM = 71"	183CM = 72"

## HEIGHT TO SHOULDER + 200MM TO CROWN

## CONTINENTAL GATES OFF THE SHELF

Frame size - 44mm x 70mm (rounded edges) Ribbed slats - 10mm x 95mm Battens - 12mm x 40mm Lattice - 12mm x 30mm Planed and rounded edges (50mm inside gap) All the corners on the gates are mortise & tenon jointed and the screws used are stainless steel. The bowed gates are made using laminated timber (Layered timber glued together) to create the curve.

	Cross Top	Arched Horizontal	V Arched	Square Horizontal	Elite Slatted Lattice	Arched Lattice Top
Sizes	90cm (H) x 90cm (W)	175cm (H) x 90cm (W)	175cm (H) x 90cm (W)	175cm (H) x 90cm (W)	180cm (H) x 90cm (W)	175cm x 90cm (W)
Full Height	£56.00	£59.00	£65.00	£55.00	£70.00	£68.00
Reduced Height		£84.00	£90.00	£80.00	£95.00	£93.00
Cross Top Panel	£53.30					

## STOCK GATES

Waney gates are made using a 4x1 timber frame butted together and universally braced, clad with 16mm super duty boards and then 8mm waney boards overlapping those (2'9" gates are braced to the right). They are nailed together with galvanised ring nails and are a heavy duty gate. Vertical lap and tongue & grooved gates differ in as much as they are made using super duty 19mm vertical lap or 16mm T+G. These are all clad over a planed 4x1 1/2" timber frame which is mortise & tenon jointed and universally braced, making the gate superior to others.

Height (36" Wide)	Super Duty Waney (GS)		Vertical Lap (GV)		Tongue & Groove (TGG)	
	Flat		Flat	Bowed	Flat	Bowed
2' 9"	£67.80		£82.90	£92.40		
3' 9"	£79.40		£87.10	£94.20		
4' 9"	£87.90		£91.30	£99.90		
5' 9"	£96.70		£99.30	£108.00	£133.70	£137.70

**BOLT DOWNS FOR UPVC POSTS**

Bolt downs are designed for the specific purpose of attaching uPVC posts to a concrete floor or a brick wall. This takes away the need to dig into concrete or start knocking down walls which can be labour intensive and expensive jobs. To save yourself this work, the bolt downs are perfect for the job in hand and easy to use. The only tools that you would require are a drill, ratchet and the correct sized Thunderbolts.

The UPVC post is slid over the galvanized steel post covering the base of the plate for a clean, neat finish. They are designed to support a fence up to 3'6" high, any higher and we recommend to concrete the posts into the ground for extra support.

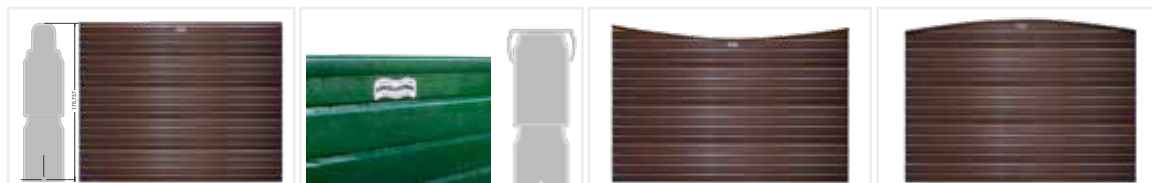

<b>Galvanized Steel Bolt Down Post</b>
£24.80

## GLOSS UPVC FENCING

- No sanding, painting, staining required
- Will never rot or rust – 100% weatherproof
- Strong, can withstand storm force winds
- Child friendly – no risk of splinters
- Durable – will not crack or corrode
- Made from eco-friendly recycled PVCu
- Resistant to mould and algae
- Lightweight – easy to transport and carry
- Easy to install
- Compatible with other systems
- Guaranteed for 10 years

## DEEPGRAIN & CROSSGRAIN COMPOSITE DECKING

**FREE DELIVERY ON ORDERS OVER £2000 + VAT ENGLAND & WALES & £2500 + VAT IN SCOTLAND, IRELAND AND SURROUNDING AREAS**

Composite decking, beautiful, strong and long lasting. It is highly durable, low maintenance, with an excellent anti-slip rating. It has many useful properties when used as decking, they include low moisture absorption, resistance to rotting, no splintering or splitting, in built termite and UV resistance, excellent dimensional stability, no toxic materials leach into soil and easy as wood to work with.

£8.00	£4.20	£8.00	£23.10	£46.20	£8.60	£36.00

When installing the composite decking onto a framework, we recommend that the distance between each joist measures no more than 12" (300mm) to provide a strong and safe decking area.

Oakio Iniwood decking is made up of 55% oak wood fibre, 35% plastic resin and 10% additive. This durable decking can withstand extreme weather conditions and everyday use. The decking UV inhibitors provide added colour retention while minimising fading. With its excellent moisture and thermal resistance, Iniwood decking virtually eliminates problems commonly associated with timber deck boards in terms of expansion and contraction.

**ADVANTAGES OF ARTIFICIAL GRASS**

- No Mowing
- No Watering
- Always Looks Good
- Pet Friendly
- Child Friendly
- Natural Looking
- Plenty Of Choice
- Allergy Free
- Long Lasting
- Highly Durable
- No Muddy Feet

# WOOD TREATMENTS AND FINISHES

Finished colours can vary and is dependent on various factors including:

- Dipped, Sprayed or Painted application
- Type of wood - is it rough sawn or planed
- Whether the wood is wet or dry
- Whether the wood is pressure treated, untreated or Vac-Vac treated
- How many times the wood has been treated/with what

## WATER BASED DIPPING COLOURS

Our standard water based dip is mainly to provide a temporary coating of colour and a reasonable amount of protection from the elements. We recommend re-treating panels dipped in the water base after around 12 months with a good quality oil or solvent based preservative.

Brown

Orange

## BARRETTINE PREMIUM SOLVENT DIP

Our premium dipping service is suitable for rough sawn or smooth timber panels. It contains film biocide preserver to prevent the surface growth of mould and algae therefore this helps reduce rot, swelling and twisting of wood, this will need re-applying within 5 years.

## PREMIUM SOLVENT BASED DIPPING COLOURS

- Provides excellent water repellency
- Panels are completely submerged when dipped
- Deep penetrating oil/solvent low odour formula
- Harmless to beneficial insects & plants when dry
- Will need re-applying within 5 years\*

Light Brown

Dark Brown

Summer Tan

Premium dipping is available on most products and the price is indicated by this symbol

in this brochure.

**Additional colours are available in tins and drums below:**

Holly Green

Golden Brown

Clear

Black

Red Cedar

1ltr	2.5ltr	5ltr	25ltr
£9.00	£16.80	£27.60	£130.00

## BARRETTINE CRECOTE/CREOSOLVE

Similar physical/water repellency/application characteristics of traditional Creosote but contains no biocide/preserver. A bitumen/wax based treatment that helps to protect exterior rougher cut timber by repelling water and preventing ingress.

Dark Brown

4ltr	20ltr
£12.90	£60.00

\*Based on following Barrettine's guidelines

## BARRETTINE SHED AND FENCE

A water based decorative treatment for rough, sawn or smooth timber such as fences, sheds and trellis. The low odour formulation is harmless to plants or pets when dry. Ideal for use over pre-treated, pressure treated and preservative impregnated timber structures.

Available in 5 attractive colours

<b>5ltr</b>
£9.10

## ALL IN ONE TIMBER DECKING OIL

Specifically formulated for use on pressure treated and preservative impregnated timber offering superb protection to deck boards, deck tiles and balustrades. Also achieves a superior finish to summerhouses, sheds and fences. Non-flaking and its water repellency helps prevent timber from splitting and cracking.

Decking oil colour options:

		<b>2.5ltr</b>	<b>5ltr</b>
		£24.50	£44.40

## ADDITIONAL ITEMS

<b>Timber End Cut Preserver 1ltr</b>	<b>Log Cabin/Decking Treatment 5ltr</b>	<b>Decking Cleaner 4ltr</b>	<b>50mm Synthetic Brush</b>

<b>100mm Synthetic Brush</b>	<b>Paint Kettle</b>	<b>Block Brush</b>	<b>2ltr Pressure Sprayer</b>
£7.60	£3.00	£5.85	£6.40

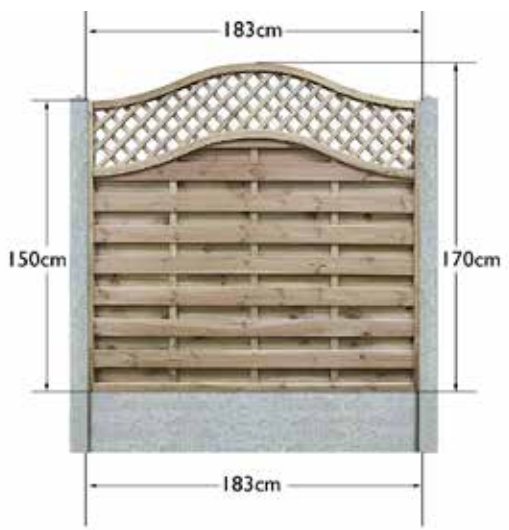

## BEAUTIFUL FENCING MADE TO FIT BRITISH SIZES

Made in the UK with continental styling, our timber fence panels come in imperial sizing, perfect to fit into standard UK fence posts at 6ft intervals.

### EUROPEAN IMPORT

### COCKLESTORM

### ALTERING PANELS

When we alter one of our panels to a shorter width for you, the bow/dish is cut afterwards using a template. The shorter the width of the panel the more the bow/dish will be reduced from the standard 4". This rule applies to continental panels too.

### PLEASE NOTE

All panel/gate heights are measured to the shoulder, this includes the continental range. The majority of our continental panels/gates are custom made to imperial sizes, ideal for use with new or existing concrete/upvc posts and bases.

**PLEASE DO NOT BE CONFUSED WITH THE SMALLER METRIC PANELS/GATES ADVERTISED BY OTHER SUPPLIERS**

The bows and dishes on our manufactured panels/gates are 4" (100mm)

The bows on the continental panels/gates and our omega bows are 8" (200mm)

**ALL PRODUCTS THAT ARE MADE TO MEASURE/ALTERED ARE SUPPLIED AS PER YOUR AGREED AND CONFIRMED MEASUREMENTS**

## IMPORTANT DELIVERY INFORMATION

The Customer should check their order promptly and carefully upon arrival/loading, and inform the delivery agent/Loading Person of any damages or shortages discovered at the time of delivery/collection and record this on the delivery record (e.g. "packaging damaged/Post warped").

If the Customer is unavailable to do this they should check the order carefully within 48 hours of delivery/collection.

In all cases the Customer should notify the Company of any damage or shortfall within 48 hours of delivery/collection.

## DELIVERY

**All deliveries are to the nearest point of access, under no circumstances do we carry goods round to the back garden. All deliveries are calculated via the road travel and not as the crow flies.**

**1-3 days prior to your delivery, you will be contacted by E-Mail or telephone and provided with a 1 hour timeslot on the allocated delivery day**

**ALL HIAB DELIVERIES ARE £15.00 MINIMUM**

Distance	Order Value	Delivery Charge
0-2 Miles	Any Value	Free
2.1 - 10 Miles	Over £100	Free
	Under £100	£15
10.1 - 20 Miles	Over £150	Free
	Under £150	£15 + £1.20 Per Mile Over 10.1 Miles*
20.1 - 30 Miles	Over £200	Free
	Under £200	£15 + £1.20 Per Mile Over 10.1 Miles**
Over 30.1 Miles	Over £200	£1.20 Per Mile Over 30.1 Miles
	Under £200	£15 + £1.20 Per Mile Over 10.1 Miles

**\*Example, spend £50 and 19.7 miles away would be a delivery charge of  
£15 + (9.7 x £1.20) = £26.64**

**\*\*Example, spend £50 and 27.4 miles away would be a delivery charge of  
£15 + (17.4 x £1.20) = £35.88**

**FITTING**

We will happily supply a fitted, no obligation, free quotation on your fencing, decking or shed subject to site survey

**CALCULATIONS**

We can calculate your fencing and decking requirements from your supplied plan (this may need to be left with us to work out)

## UPVC INFORMATION

When our composite UPVC fence panels are manufactured, they are submerged in water and a small amount is retained within the UPVC. This gives a darker appearance when they are delivered to or collected by our customers.

Over time, when the fence panels are fitted, they will begin to dry out and lighten up in colour. During the drying process, the UPVC panels will appear mottled or patchy, but after a couple of months in the sun they will dry out completely and maintain a consistent finish.

Please note that uPVC bases and posts cannot be returned if the protective plastic cover has been taken off.

## FITTING PRICES

### SLIDE IN CONCRETE

How many bases?	Price Per Base
1+	£10.00

### SLIDE IN WOODEN PANELS

How Many Panels?	Price Per Panel
